CREATIVITY IS INTELLIGENCE HAVING FUN.

I am thrilled that my children have the chance to be creative through hands-on activities, and they absolutely love it! We are grateful to Guilford Art Center for providing our children with the ability to express themselves through their art.

CHRISTY

Being a teen blacksmith’s apprentice taught me many lessons, both at the forge and in life. Probably the greatest lesson is not to fear failure, but to learn from it and always try again.

BEN

As a transplanted New Yorker who worked in finance, the combination of creativity expressed and the friendship of amazing women and men was more than I expected. Having Guilford Art Center available is a lifesaver.

2017 MARKS GUILFORD ART CENTER’S 50TH ANNIVERSARY OF PROVIDING OPPORTUNITIES FOR ALL TO EXPERIENCE THE BENEFITS OF THE CREATIVE ARTS—WHAT WE CALL CREATING ART & COMMUNITY.

In honor of this milestone anniversary, our goal is to raise $500,000. We have a great start: the Stoddard Family Foundation and an anonymous donor have generously pledged to match all contributions up to $100,000.

AWESOME!

Our plan is to complete physical improvements to our campus facilities, provide new equipment, and strengthen our programs to significantly enhance our community’s experience of the arts.

Guilford Art Center is a nonprofit organization that inspires and promotes community participation in the visual arts through education, exhibitions, and outreach.
